Director for Environment &
Economy**

Date: 08 February 2016

Dear Sir/Madam

Icknield Way - 243/15/10 Restricted Byway - Improvement Works

I am writing to inform you that Oxford County Council will be undertaking improvement works on Icknield Way east of Harwell Campus between the A4185 Newbury Road and the bridge over the A34, (part of the Sustrans National Cycle Network route 544 Didcot to Wantage) as shown in the attached location plan.

The works are programmed to commence on **Monday 22nd February 2016** for approximately three weeks, subject to any bad weather conditions or unforeseen circumstances arising during construction.

The works will include resurfacing the existing section of bound surface on the west approach to the bridge over the A34 and targeted treatment on the unbound stretch of the track. This section of Icknield Way will be closed to the public while the works are completed.

In advance of the main works, we are also carrying out a ground investigation on **Tuesday 9th February 2016** for one day only for which the section of track will also be closed to the public.

Please accept our apology in advance for any inconvenience caused. However, with your assistance, it is our intention to complete this work as safely and as quickly as possible.

Yours sincerely

Maria Baute
Senior Engineer
